Infrared Sauna

Shopper's Guide

Think all infrared saunas are the same? Think again!
Compare the brands you are considering to Finnleo.
You'll see, *there's NO comparison!*

Manufactured by the world's oldest and largest producer of saunas? Finnleo's roots date back to 1916 in Finland!

3 series and 16 models to choose from?

Low EMR emitters that meet strict Swedish safety standards?
(Below 2.5mG **everywhere** in the bathing area)

Low EF emitters that meet strict Swedish safety standards?
(Below 10v/M **everywhere** in the bathing area)

Wall-to-Wall infrared emitter panels that have no gaps between them?

Full-length bench emitter panel in the seat itself and not just a bench skirt panel?

Speakerless transducer-type sound system with touchscreen control?

All-glass, non-claustrophobic front wall panel available?

Ultra durable & reliable ceramic tile-covered IR floor emitter panel?

High output, even heating CarbonFlex IR panels with **NO** hot & cold spots?

Easy "pin-and-catch" vs. buckle-type attachment method?

State-of-the-art touchscreen control system with 24-hour countdown timer?

Over 600 factory-authorized dealers across North America?

In-field labor warranty?

All certified Canadian sourced timber vs. Burmese/Basswood?

All models ETL safety listed for the U.S. and Canada not just one or two models or, worse yet, none?

Custom, almost limitless, sizes also available and safety listed?
